

## Summary of Data Archived and Processed by the Landbird Monitoring Network of the Americas (LaMNA), January 2012

### Number of records of data received at LaMNA by organization and protocol type with summary of data processing.

"Country" and "State/Province" both reflect the location where the majority of the data received were collected.

"Census and Banding Data Processing" is summarized by number of records currently going through processing (In Progress) and those that have completed processing and are available on the internet (Online).
